WORLD SAFETY FORUM (WSF): PIONEERING EXCELLENCE IN ESG

Since its inception in 2009, the World Safety Forum (WSF) has grown to become the largest professional membership platform dedicated to advancing the Environment, Social, and Governance (ESG) spectrum. With 88,000+ individual members and over 2,000 industrial

members, WSF serves as a global hub for professionals and organizations committed to excellence in areas such as Environment Health Safety (EHS), Corporate Social Responsibility (CSR), and Sustainability.

WSF operates across several critical domains:

- **Certification & Assessment Body:** Offering globally recognized certifications that uphold the highest standards in ESG compliance and competency.
- **Memberships:** Providing access to a thriving community of ESG professionals and resources.
- **Awards & ESG Conference:** Organizing the prestigious Global Safety Summit, a platform that celebrates innovation, leadership, and excellence in ESG practices worldwide.

Through its multi-faceted approach, WSF empowers individuals, organizations, and industries to drive meaningful impact in building a sustainable and responsible future.

CERTIFICATION AND ASSESSMENT SERVICES

The World Safety Forum's Certification and Assessment Board plays a crucial role in offering globally recognized certifications and robust assessment services. These include OFQUAL-regulated diplomas, industry-specific certifications in sustainability, governance, leadership, technology, and more, along with short-term professional development courses. With rigorous quality assurance aligned to OFQUAL and CPD standards, the board ensures fair and transparent assessments through various modes, such as online proctoring, practical projects, and competency-based evaluations. These globally recognized qualifications enhance career growth, credibility, and compliance across industries, empowering professionals to excel in diverse fields.

Organizations can partner with the World Safety Forum's Certification and Assessment Board to become Approved Training Providers and deliver these qualifications. By fostering continuous learning and professional growth, the World Safety Forum sets new standards in certification and assessment, driving global impact and empowering individuals and organizations to thrive in an ever-changing world.

WORLD SAFETY FORUM MEMBERSHIPS

The World Safety Forum (WSF) offers memberships tailored to individuals and organizations, fostering a global network committed to excellence in ESG, safety, and sustainability.

Individual Memberships:

- **Associate Member:** For aspiring professionals looking to establish their careers in ESG and safety.

GLOBAL SAFETY SUMMIT

The Global Safety Summit is the flagship conference and awards ceremony organized by the founding body of the World Safety Forum—Fire

and Safety Forum—a key signatory to the United Nations Global Compact Network India. In the article published in web portal of Forbes India, this globally recognized platform highlights achievements and innovations within the ESG spectrum.

As a leading international Awards Ceremony and ESG Conference, the Global Safety Summit brings together industry leaders and changemakers. Supported by 210 certified assessors and a distinguished Member Jury Advisory Committee, the event celebrates outstanding contributions selected from nominations across more than 50 countries during a rigorous assessment process.

Hosted at the prestigious Peers' Dining Hall, House of Lords, London, every year in July and every year in December at the Le Meridien Hotel New Delhi, the Global Safety Summit honors exceptional success in ESG initiatives, fostering a commitment to sustainability, corporate responsibility, and safety excellence.
